I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I strongly object to the FDA's definition of "inordinate amount." I searched everywhere in Massachusetts, along with my physician, to find a pharmacy that can do what Madison Pharmacy Associates can do to no avail. Madison provides a service I cannot get through a Massachusetts Pharmacy. My life has been improved drastically by the formulary pharmacy services provided by Madison. The quality of my life would definitely change for the worse without the products I receive from Madison.
